Summary

The City of Aubrey recently acquired 22 acres of land off of Spring Hill Rd. and McNatt Rd. Staff presented a budget request to council on 7/14, and it appears the council may approve funding for a concept plan for 2024-2025 budget. Based off of the Parks Master Plan for this area, community park, athletic and event areas are recommended.

Approximately 2-acres are reserved for a water pump station and some utility easements are along the eastern property boundary. The balance of the property may be utilized as park space. There is a pond located on the southern end that is obligated to stay. Some of the athletic needs we are hearing from the community are tennis, soccer and baseball practice fields.

Staff is looking for input from the board.

Summary

Recent development approved on FM 2931 will include a community park. In addition to the park, the city was able to obtain approximately 9 acres of frontage on FM 2931. Currently, we do not have plans for the property. It will be adjacent to general retail, so it could be a good opportunity for economic development. If there may be a park use for it, that is an option also.

Secondly, we have an option to purchase approximately 5 acres just south of the EMLI Apartments and adjacent to the new development. The owner is asking \$80,000 for the land. This area could help us achieve goals from the Parks Master Plan. There has been discussion about the need for basketball courts in this area.

Staff is looking for recommendations and comments from the board.
